PRODUCT SPECIES CHART 64-67

Most profiles represented in this catalog are stocked in Poplar (with the exception of profiles featured in the Primed Fiberboard and Primed-Pine section). In addition, a large selection is stocked in finger-joint Poplar, primed finger-joint Poplar and Red Oak, and some are available in Cherry. Please see the Koetter stock moulding price book for pricing and availability.

Additional species are available by special order. Please see our product species chart on pages 64-67 for a complete list of available species. Koetter has a tooling library of over 3,000 custom profiles to meet your special requests. In addition, we have the capability of grinding custom tooling to meet the exact specifications of your individual project. Visit our web site at www.koetterwoodworking.com to view our extensive selection of profiles.
