HORIZONTAL BALUSTERS

Looking for something different than traditional vertical balusters for your upcoming stair projects?

Koetter Woodworking is excited to introduce the addition of horizontal, round tubular balusters to our stock stair component offering!

These satin black, 96" hollow bars are the perfect way to add a modern touch to your stair design.

Easy to handle, ship and install - no special fasteners or tools required!

Pricing is now available through the dealer login. See page 21 for details!
